

*At CBS the right relationship is everything*

## Sacla Case Study

case studies

*"A high standard of work with the minimum of fuss - that's CBS"*

### **It's all about being helpful, courteous and efficient**

CBS were selected by Sacla to carry out a variety of interior projects within their period offices.

At all times our designers worked hard to create solutions that were sympathetic to the character of the building, and that retained its special ambience.

This produced a result where the best of the latest technology blends seamlessly with the traditions of the past.

Furniture has been supplied to open plan areas, executive offices, meeting rooms and reception areas.

*"...No matter which member of staff we deal with, they are always helpful, courteous and efficient.*

*Our relationship has blossomed over the years to a major office refurbishment 18 months ago and most recently, a complete office move, all of which was carried out with the minimum of fuss and to the standard which we have come to expect from CBS."*

**Brenda Shields,**  
Business Support Service Manager,  
Sacla.
